

My motto "To be a good thinker one needs to be a good listener" sums up what my objective is for this class. I plan to accomplish this through doing a variety of fun learning activities and games. Although there is no formal syllabus for this class there is definitely a plan to strengthen your child's thinking skills. The activities I select and do will be flexible as I evaluate what the children are capable of doing and the class size.

Some activities will be done individually with teacher assistance or in pairs or as a class.

Here is a list of some of the activities we will be involved in:

Dr. Doo Riddles

Hidden Pictures

Logic Links

Word family games

Number games

Visual Memory Pages

Auditory Perception Activities

Dot-to-Dots, Mazes, Word Searches, Sequencing & Ordering

Some weeks I may send home unfinished or extra papers we didn't accomplish in class or if your child was absent. These would only be optional for your child to do as they want to. ***Please, remember to include in your child's backpack a folder to place their finished papers in each week. The folders should be cleaned out periodically.***

**SUPPLIES REQUIRED: pencil, scissors, glue, colored pencils or crayons**

If you ever have any questions as to what your child is doing please don't hesitate to talk with me. I also welcome any input or feedback you may be receiving from your children.

Thank you for giving me this opportunity to enjoy learning with your children. I'm looking forward to a fun class.

Melody Miller
